Progress report in Pen programming language

April 24th, 2022

@raviqqe

Agenda

- Progress report
  - Examples with map types
  - `Http` package
- Next plans

Progress report

Examples and packages with map types

- Knapsack problem
- `Json` package
- `Flag` package

`Http` package

- Wrapper of a `hyper` crate in Rust
- Current features
  - Only HTTP 1.0
  - Client and server
  - Methods, status codes, headers, and body

Next plans

- More standard packages
  - More features in `Http` package
  - `Sql` package
- FFI enhancement
  - Easier function and type imports from Pen to Rust

Summary

- Progress
  - Examples with map types
  - `Http` package
- Next plans
  - `Sql` package
  - FFI enhancement
